

Curriculum Vitae

MOHAMMED EDDAMOUN

UX/UI Designer | SaaS Specialist

UX/UI Designer with over 4 years of experience specializing in SaaS apps. Proven expertise in visual design, UX research, UX strategy, and information architecture. I apply a non-linear design thinking methodology to solve problems and lead projects effectively. I prioritize task organization, deliver high-quality work, and enjoy solving complex design challenges. Football and farming help me recharge and stay energized.

EXPERIENCE

Design Instructor

SuplIngenierie | Feb 2024 - Present

I teach UX/UI design fundamentals and Figma basics. I lead workshops where students apply their skills to build small to medium-sized projects, encouraging practical learning and real-world experience.

UX/UI Design Manager

Im'ense | Jan 2023 - Jan 2024

I led design projects, supervised a team of designers, and worked closely with developers. I served as the middleman between the CEO and the team, translating complex requests into clear, actionable tasks. Using my background in backend development, I relied on research and flow diagrams to simplify ideas, helping the team quickly understand project requirements.

UX/UI Designer

Im'ense | Feb 2021 - Dec 2022

I started as a junior Designer, creating visual designs for SaaS web and mobile apps. I used my technical background to connect design and development. My designs helped win clients attention and built a strong base for the company's product range.

Web developer

Freelance | Oct 2020 - Jan 2021

After graduation, I worked as a freelance web developer. I designed and coded PHP web apps. This role allowed me to gain practical experience in both the visual design and technical development.

EDUCATION

Google UX Design Professional Certificate

Coursera | Oct 2021 - Dec 2021

Diploma of Higher Studies in Computer Engineering

SuplIngenierie | Sep 2017 - Oct 2020
